Summit Overview

Healthcare CSR ChangeMakers Summit & Awards 2024: An Overview

Welcome to the **Healthcare CSR ChangeMakers Summit & Awards 2024!**

We are delighted to invite you to this comprehensive and inclusive Corporate Social Responsibility (CSR) initiative, which aims to celebrate and inspire impactful social action in the critical realm of healthcare. This all-day event, spearheaded by HEAL Foundation in association with our esteemed partners, promises to be a landmark occasion featuring a series of sessions, discussions, and award ceremonies.

The primary objective of this summit is to bring together industry leaders, healthcare professionals, and CSR enthusiasts to explore the intersection of healthcare and CSR. We aim to celebrate initiatives that have made a significant impact on society and to inspire further action. Your esteemed collaboration will undoubtedly elevate the stature of the event, adding grandeur to this celebration of social impact.

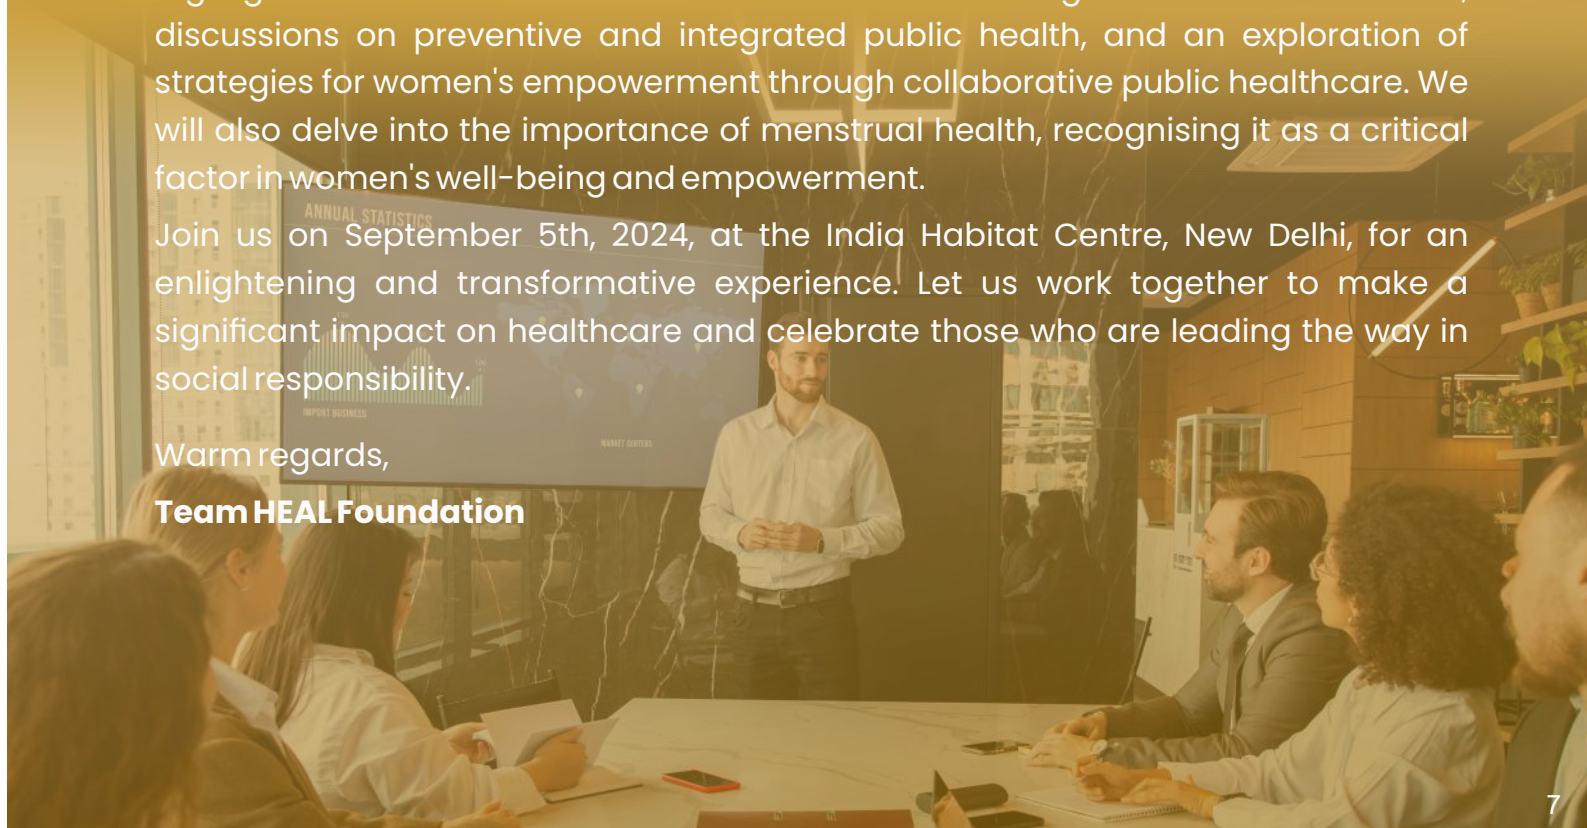

HEAL Foundation, a not-for-profit organisation registered under the Indian Trust Act, is synonymous with healthcare communication and advocacy. Since our inception, we have been committed to advocating for long-term sustainable healthy living through policy-making, educating health professionals, and spreading awareness about relevant health issues. By engaging key stakeholders of the healthcare industry, we strive to bring about desirable behavioural changes in the masses to ensure healthy living.

The Healthcare CSR ChangeMakers Summit & Awards 2024 promises to be an inspiring event, showcasing innovative solutions and transformative projects. Highlights of the summit include sessions on technological innovations in CSR, discussions on preventive and integrated public health, and an exploration of strategies for women's empowerment through collaborative public healthcare. We will also delve into the importance of menstrual health, recognising it as a critical factor in women's well-being and empowerment.

Join us on September 5th, 2024, at the India Habitat Centre, New Delhi, for an enlightening and transformative experience. Let us work together to make a significant impact on healthcare and celebrate those who are leading the way in social responsibility.

Warm regards,

Team HEAL Foundation

Key Theme

Social Impact Outreach Champions and Change Makers

The **HEAL Foundation** is hosting a prestigious event, the Healthcare CSR ChangeMakers Summit & Awards 2024. This summit brings together leaders to discuss and celebrate advancements in Menstrual Health, recognizing it as a critical factor in women's well-being and empowerment. The summit promises insightful discussions and the awards ceremony will honour those making a positive difference.

- **Empowerment:** Good menstrual hygiene management is critical for education, work, and overall well-being.
- **Alignment with Swachh Bharat Mission:** Menstrual hygiene is crucial for women's empowerment, echoing the success of the Prime Minister's sanitation initiative.
- **SDG Alignment:** The Menstrual Hygiene Policy Draft 2023 supports India's Sustainable Development Goals (SDGs) on education, gender equality, and clean water.
- **Economic Opportunity:** By addressing menstrual health needs, we can create new markets for affordable and sustainable feminine hygiene products, empowering women entrepreneurs.
- **Reduced Healthcare Burden:** Proper menstrual hygiene management can reduce the risk of infections and related healthcare costs.

Summit Highlights:

Collaborative Public Healthcare Movement

Explore strategies for women's empowerment through partnerships between policymakers, NGOs, and Self Help Groups (SHGs).

CSR for Health Impact

Parliamentarians and stakeholders will discuss strategies to leverage CSR for universal health coverage and innovation.

Sustainable Dividends Goals

Discuss strategies to empower the female demographic through a multi-faceted policy approach.

CSR-Tech

Witness the transformative power of technology in healthcare delivery, including telemedicine, mobile health solutions, and data-driven approaches.
